PAID SEARCH

Our sophisticated, highly targeted paid search campaigns are built on a foundation of Google's Micro-moments. With a decade worth of optimizations and campaign refinements, including proprietary negative keyword lists, bidding systems, compelling ad copy and utilization of the latest ad formats and betas, such as Vehicle Ads and Performance Max, our campaigns will ensure you are allocating budget to the highest converting keywords to ultimately drive sales at a lower cost per acquisition.

DISPLAY & RETARGETING

Show the right ads to the right people at the right time with our display and retargeting campaigns. Leverage exclusive access to C-4 Analytics' AIM™ (Automotive In-Market) Display Advertising Network to reach In-Market automotive shoppers with the most sophisticated targeting, audience and data management in the space and capture demand for your top volume models. Our dynamic remarketing campaigns will also ensure you stay top of mind with any prior visitors shopping specific new vehicles down to the VIN model level.

PAID SOCIAL

Attract a wider audience, nurture leads and push shoppers down the conversion funnel with our sophisticated Social Paid Advertising. Our Facebook, Instagram and Snapchat ad campaigns leverage customer match data, remarketing and advanced segmentation through custom built audiences to find the right shoppers and convert them into leads and sales.

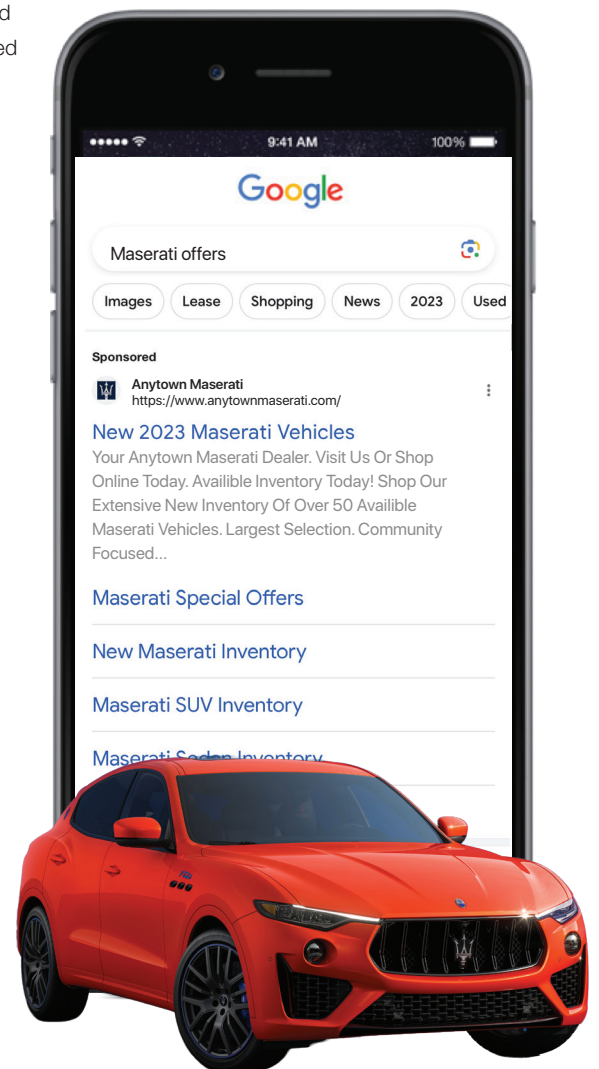

VIDEO

Reach shoppers who have recently indicated commercial interest for your specific brand and models with highly targeted ads on YouTube and Connected TV platforms that deliver tailored messaging to a precise audience. *Does not include video asset creation.

CAPTURE SHOPPERS AT EVERY POINT OF THE BUYER JOURNEY.

C-4 Analytics runs the most efficient, sophisticated and highly targeted Paid Search campaigns in automotive digital marketing. Our account structure, negative keyword lists and compelling ad copy have been developed and refined over a decade of working with hundreds of the industry's most progressive dealers. Our Google Certified experts have helped them achieve the lowest costs per click and highest conversion rates for commercial intent keywords in the automotive space. Additionally, our reach and capabilities within Display advertising, along with exclusive access to our AIM™ (Automotive In-Market) Network and data sets, provide dealers with premier inventory placement and sophisticated targeting, audience and data management.

Want to truly stand above the rest? Many of our leading dealers complement their core Paid Search and Display campaigns with Social Paid Advertising and Video Advertising. These strategies allow us to identify high commercial-intent buyers, push shoppers further down the buying funnel and deliver precise messaging, all while delivering outstanding ROI.

Paid Media Advertising

Paid Media Can Include Some or All of the Following:

- New Vehicle Paid Search Advertising: Micro-moment builds allocate budget to highest converting keywords first, increasing sales at lower cost per acquisition
- Social Paid Advertising: Sophisticated Facebook advertising incorporates advanced segmentation, remarketing, customer match and custom audience building
- Video Advertising: Highly targeted ads on YouTube and through CTV/OTT via leading platforms served to shoppers who've recently shown commercial intent
- Exclusive access to the AIM™ (Automotive In-Market) Network and data sets
- Sophisticated Display targeting, audience and data management
- Utilization of the latest ad formats and extensions available, including Performance Max
- Campaigns with Vehicle Ads, Demand Gen, or C-4 Analytics' own dynamic inventory based campaign offerings (SIM™, etc)
- Proprietary bidding system installation that analyzes performance and adjusts bids by device and consumer

Work with the best.
